

Remarks/Arguments

The first paragraph of the application has been amended to update the priority data with issued patent numbers and to conform that paragraph with the information on the filing receipt and cover page of the published application.

In paragraph 3 of the Office action, with respect to claim 199, the examiner suggests changing the recitation of "inputting at least one address" to "at least two addresses." Claim 199 has been cancelled rendering this objection moot.

In paragraphs 4-13 of the Office action, all of the pending claims stand rejected on the basis of double patenting as being unpatentable over U.S. Patent No. 6,324,088. A terminal disclaimer is filed herewith to obviate this double patenting rejection.

In paragraph 14 of the Office action, claims 70, 71, 100, 120, 135, 136, 167-172, and 174-188 stand provisionally rejected on the basis of double patenting as being unpatentable over U.S. Publication Number 2007/0008811 (the '811 publication). The '811 publication corresponds to Serial No. 11/452,819. The instant application received a restriction requirement. The '811 publication was filed as a result of that restriction requirement. Under such circumstances, it is believed that the double patenting rejection based on the '811 publication is improper and should be withdrawn.

The following claims were subject to one or both of the double patenting rejections but no art rejections: 70, 71, 100, 120, 135, 136, 152, 167-188, and 203-208. Because the first double patenting rejection is overcome by the filing of a terminal disclaimer, and the second double patenting rejection is believed to be improper, claims 70, 71, 100, 120, 135, 136, 152, 167-188, and 203-208 are believed to be in condition for allowance.

In response to paragraphs 16-20, claims 143, 147, 196-202, and 160-165 have been cancelled. In view of the cancellation of those claims, it is believed that only allowable claims remain in the application. Therefore, a Notice of Allowance is respectfully requested. If the examiner is of the opinion that the instant application is in condition for disposition other than
